Make Checks Payable to: **Family Farm Fresh**

Note: You may cancel anytime and if not pleased, your money will be cheerfully refunded.

Member's Signature Date

Family Farm Fresh Associate Date

Your money goes directly to a family farm. Every dollar of your share goes directly to the farm. A similar purchase at a supermarket may return a farmer as little as 20 cents on the dollar. By Participating in our CSA you are supporting the farm's year-round employees who are able to be paid steady and reasonable wages. Your financial support is a vote for family-based farms as the backbone of our agricultural production system.

Every week you will receive, along with your delivery, a statement of your account. This will include a listing of your current order, amount due for the week, and your account balance. If you are a customer who chooses to pay in advance your amount due will automatically be deducted and you will simply get a statement of your funds available, shown in parentheses. For those who wish to pay weekly, you will receive your statement along with your delivery and it will include your current charges, past charges and amount due. If you forget a payment one week don't worry, your basket will still arrive and you can leave a double payment the following week. Action will of course be taken on delinquent accounts.

We accept credit cards, checks and cash. Credit cards will be processed around the 15th of every month and will be billed for current usage. If you would like to make a one time payment with a credit card you can call the office to do so. Using checks you can pay both ahead and weekly. For weekly payment, checks can either be mailed or placed in an envelope inside your return basket. Our driver will receive your payment upon delivery of your new basket and your account will be credited.

Credit Card Authorization

***How To Find Your Security Code**

American Express

American Express cards show the CVV2 printed above and to the right of the imprinted card number on the front of the card.

Visa and MasterCard

If using a **Visa or Mastercard**, the CVV2 code is the non-embossed, 3-digit verification number printed on the signature panel on the back of your card, immediately following the account number.
